MEMORANDUM

TO: Jack Wilson, Commissioner
Bureau of Environmental Protection

FROM: Arthur S. Curtis, Jr., Branch Manager *ASC*
Resource Management Branch

DATE: June 9, 1980

SUBJECT: Generator Inventory - "Valley of the Drums"

I have reviewed the division's files of the A.L. Taylor property and the generator records. An inventory of drums by department staff identifies 76 company names on 506 drums. Bob Koentop, who helped conduct this survey feels it is at least 85% complete and accurate.

You requested a review of Whiteside's records:

George W. Whitesides Co. Inc. Records

Guardsman Chemicals Inc.	67 Drums
C.C. Supply	98 Drums
Tremco Inc.	200 Drums
Randal Vevan	14 Drums

Whitesides records also show Mobile Waste Controls of Kentucky Inc. drum movement both in and out, also about 50% of the Reliance drums.

The companies you mentioned in a conversation are as shown:

<u>Generator</u>	<u>March/79 Inventory</u>	<u>Remarks</u>
Gage Products	78	Ford Claimed
Rohm And Haas Ky.	10	
Sirco	76	
Tremco Inc.	0	200 by Whitesides Co.
Porter Paint	3
